MULTI PURPOSE CHEST RIG WITH MAG POUCHES

The Multi Purpose Chest Rig provides a low-profile modular vest that can be worn in conjunction with a plate carrier or as a standalone chest rig.

Features:

- Four dual magazine pouches (8x .556 mags or 4x .308 mags)
- Two pistol magazine pouches (2x 9mm, .40, .45)
- Two external general purpose pockets
- Front separating zipper
- Three MOLLE rows on left and right outboard sides to support MOLLE pouches
- Two vertical entry map or document pockets with VELCRO® brand closure
- Two horizontal entry map or document pockets with VELCRO® brand closure
- Fully adjustable shoulders and waist strap
- Shoulder-mounted routing channels for radio antenna, hydration or cable routing
- Closed-cell foam padding in shoulder straps for superior comfort
- Constructed of heavy-duty, abrasion- and water-resistant 500 denier CORDURA®
- YOTE & MAP Assault Pack compatible
- Standard Issue, United States Special Operations Command (USSOCOM)
- Available in MultiCam® and Coyote
